

17 December 2019 | Term 4 Week 10

## Welcome from the Principal

Welcome to the last week of the 2019 school year, and what a year it has been. We were successful on the sporting field, our NAPLAN results improved, we improved with our National Standards, and achieved goals set in our Plans for 2019 with the dedication and commitment from our hard working staff and students.

Congratulations to our graduating Year 6 students. We wish you all a successful and happy future.

## THANK YOU

I would like to thank all the staff and our team of volunteers for their dedication, focus and determination to succeed this year. The Teaching and Learning, Learning Environment, Relationships, Leadership and Resource committees have achieved all the goals set this year, and looking forward to setting new goals in 2020.

A huge Thank You to our School Board for their hard work in 2019. Thank You so much also to our wonderful P&C. They are tireless in raising funds for the school.

Have a wonderful holiday everyone and we will see you back on Monday 3 February, 2020

## MAKE IT HAPPEN

We have an amazing school community at North Morley because of the wonderful parent volunteers who give up their time and offer their skills and enthusiasm throughout the year.

To our P&C Office Bearers this year – Lucy Oreb (Vice President), Kat Noble (Secretary) and Kelly Dansie (Treasurer) – THANK YOU! Our P&C runs effectively and efficiently because of you amazing ladies who give up so many hours of your time and make my job much easier.

A huge thank you to: - Kimberley Sarich for running our Uniform Shop so smoothly, Kelly Thomas, Kerry Watkins and Anna Simione for running School Banking this year, Anna Simione for coordinating all our special canteen days, and Rachael Borshoff for coordinating the Scholastic Book Club and Fair. These roles are a big commitment and we really appreciate all your efforts this year.

This year we have had a big focus on sustainability being part of the City of Stirling's Living Green Project. We have accomplished some amazing things under the leadership of our sustainability expert, Sureyya Demir! Along with Kat Noble, Robin Gage and Kylie Plunkett, Sureyya has inspired our entire school community to make changes for a better earth for our children and into the future.

To all our fabulous P&C members who attend our meetings, support all of projects and events and always put up their hand to help – THANK YOU!

To our wonderful staff who attend meetings, get involved in events and put up with all of our P&C craziness – THANK YOU!

We raised just under \$7,000 this year and it goes straight back in to resources and facilities to make our school an even better place for our students! We have also received \$5,000 worth of special grant money which you will see put to good use in the first part of 2020.

I hope everyone has a Merry Christmas, a Happy New Year and an awesome summer break. We have a big year ahead in 2020 with the school's 50<sup>th</sup> anniversary – so see you next year with renewed enthusiasm and hopefully some new faces!

Emma Harris  
P&C President
